Installation

Bosbüll

Learn more about how Abound Solar is expanding access to the world's leading photovoltaic technology. abound.com/sales

Size 795 kW_p DC
Type Free-field
Location Bosbüll, Schleswig-Holstein
Germany
Area 3.8 hectares (9.4 acres)
Installed May 2010
Integrator GP Joule
Installer GP Joule
Inverter (2) RefuSol 500k
Mounting Habdank

Abound Solar's modules were selected by GP Joule for use at this site in Bosbüll due to their strong performance in low light conditions and ease of installation.

This site, which features over 13,000 AB1-series modules, was the first large-scale deployment for Abound Solar.

Abound Solar worked with GP Joule to optimize the system performance and mounting system partner Habdank to qualify a new racking system.
