Installation

Treia

Learn more about how Abound Solar is expanding access to the world's leading photovoltaic technology. [abound.com/sales](http://abound.com/sales)

**Size** 2,465 kW<sub>p</sub> DC  
**Type** Free-field  
**Location** Treia, Schleswig-Holstein  
Germany  
**Area** 11 hectares (27 acres)  
**Installed** June 2010  
**Integrator** GP Joule  
**Installer** GP Joule  
**Inverter** (2) RefuSol 500k  
(2) RefuSol 630k  
**Mounting** Habdank

This 2.5 MW<sub>p</sub> solar installation was one of Abound Solar's first MW-scale projects, featuring over 40,000 AB1-series modules.

The project represents a continuation of GP Joule's strong relationship with Abound Solar along with its other key suppliers, Refu Electronics and Habdank.
